26820 26816 December 29, 2004 **SECTION V - Reactivity Data** Unstable Conditions to Avoid - Extreme heat, direct sunlight Stability Stable X Incompatibility (Materials to Avoid) -Strong oxidizers and alkalies. Hazardous Decomposition or Byproducts -Carbon dioxide, carbon monoxide, smoke, soot and various organic oxidation products. Hazardous May Occur Conditions to Avoid - None known **Polymerization** Will Not Occur X **SECTION VI - Health Hazard Data** Skin? Route(s) of Entry Eves? Inhalation? **Ingestion?** Yes Yes No No Health Hazards (Acute and Chronic) Caution. Avoid contact with eyes. Avoid breathing mist and vapors. Do not taste or swallow. Swallowing may lead to diarrhea. Carcinogenicity: NTP? IARC Monographs? **OSHA Regulated?** None known No No No Prop 65 Warning: This product contains a chemical (Dibutyl phthalate) known to the State of California that causes birth defects or other reproductive harm.

Signs and Symptoms of Exposure -

Redness, tearing or burning in eyes. Irritation of nose or throat.

Medical Conditions Generally Aggravated by Exposure -

Pre-existing lung conditions may be aggravated by exposure to mist or vapors.

Emergency and First Aid Procedures:

EYES - Flush with plenty of water for at least 15 minutes lifting eyelids to insure complete removal. See a physician immediately. INGESTION

- Call a physician or poison control center. Do NOT induce vomiting unless directed to do so by a physician. Never give anything by mouth to an unconscious person. **INHALATION** - Get to fresh air. If breathing has stopped, qualified personnel should administer artificial respiration. **SKIN** - Wash thoroughly with soap and water. If irritation arises and persists, call a physician.

$\label{eq:SECTION VII-Precautions} \textbf{SECTION VII-Precautions for Safe Handling and Use}$

Steps to be Taken in Case Material is Released or Spilled -

Caution, slip hazard. Wipe up small spills promptly with a rag or other absorbent material. Clean residue with a suitable detergent. For large spills, isolate and ventilate area. Eliminate all ignition sources. Dike to prevent spread. Wear protective gear as necessary. Pick up with an absorbent material or vacuum up for reuse if appropriate. Put material in suitable container.

Waste Disposal Method - Consult local, state and federal regulations. Do not puncture or incinerate container. Replace cap on empty can, wrap, then discard container if allowed by applicable statutes.

Precautions to be Taken in Handling and Storing - Store in a cool (under 120° F) dry location away from heat, sparks, open flame, and direct sunlight.

Other Precautions - Follow label directions carefully. Keep out of reach of children. Do not deliberately concentrate and inhale vapors. Direct spray away from face. Replace cap when not in use. Do not use around ignition sources such as heat, sparks, open flame, etc. Do not puncture or incinerate container.

SECTION VIII - Control Measures

Respiratory Protection (Specify Type) - Not usually necessary. Use with adequate ventilation. If PELs or TLVs are exceeded (see Section II), use an approved NIOSH\MSHA respirator.

Ventilation	Local Exhaust			Special]	None	
	Mechanical (General)			Other]	None	
Protective Gloves -			Eye Protection -				
Not usually needed.			Yes, goggles or approved safety glasses (ANSI Z87)				

Other Protective Clothing or Equipment -

Not usually necessary. Wear apron, boots, face shield, gloves, etc. as needed to prevent direct contact.

Work/Hygienic Practices -

Normal. Wash thoroughly before eating, drinking, smoking, using restrooms, etc

WARNING: The use of this product is beyond the control of the manufacturer; therefore, no guarantee, expressed or implied, is made as to the effects of such or the results to be obtained if not used in accordance with directions or established side practice. The user must assume all reponsibility, including injury or damage, resulting from its misse as such, or in combination with other materials. The manufacturer specification six one phonduct.
